Status:	Draft
Dissemination level:	Speakers

2020

CiViTAS
Cleaner and better transport in cities
SATELLITE

THE CIVITAS INITIATIVE
IS CO-FINANCED BY THE
EUROPEAN UNION

Objective of the launch webinar:

Learning from your city peers as if you were visiting them, how should that work in times of pandemic? That has been this year's challenge, and to meet it we asked seven cities to film their best mobility solutions and share their insights through short and crispy case studies. The result is the production of an **interactive online publication**.

On **8 December at 10:30**, to keep the interactive spirit we organise the e-publication's **launch event**. There city representatives are invited to discuss with the seven featured cities about their mobility solutions, similar measures they might have implemented and assess together the replicability of those best practices.

Agenda:

Day: 8 December 2020, Online	
Time	Subject
